

JPDC Studio Safety Procedures

PLEASE READ CAREFULLY AND THOROUGHLY!

*Updated September 12th, 2021

Cleaning/Sanitizing Procedures

The safety of our students and cleanliness of our studio is of the upmost importance! Our studio has been deep cleaned professionally and we have set up cleaning procedures for our instructors and students. We have sanitizing buckets in each of the studios so the JPDC staff members can sanitize.

Safety Procedures

If your dancer has had an elevated temperature in the 24 hours leading up to their class, we ask that your dancer stays home and they can return after they have been fever free for 24 hours. If your dancer has been in contact with anyone that has had a fever or tested positive for the COVID-19 virus, please isolate for at least 2 weeks. All dancers are encouraged to wear masks, they are optional for all dancers. Instructors will make their decision to wear masks based on their own comfort.

Drop Off/Pick Up Procedures

Dancers and parents will gather outside the lobby doors and in the lobby and when it's the class time, instructors will come and get their class and take them back.

We encourage all parents and dancers keep 6 feet distance while we are entering and exiting. Dancers will leave class the same way – through the lobby doors and parents will wait there to pick up their dancer.

Dance Class Procedures

It's imperative for students to join the class on time, dancers will go back to their studio, will immediately take off their shoes and other belongings into a cubbie or taped square, get some hand sanitizer and get assigned a spot in the studio. Stars and Mini dancers will receive suckers at the end of class if parents are comfortable. They are individually wrapped and will be handed out at the end of class when dancers are being picked up. If you have any questions about any of the procedures or policies, please email us at jfdc@sbcglobal.net!
